

JOB ANNOUNCEMENT

ENVIRONMENTAL SERVICES INTERN Conservation and Open Space Easement Program

DATE AVAILABLE: IMMEDIATELY, Full or Part-Time, Limited term until September 1, 2006 with possible extension based on availability of funding.

SALARY: \$1,882-\$2435/mo depending on background, education and experience.

LOCATION: San Francisco Office

Background: The California Coastal Commission is a state agency charged with protecting coastal resources and managing coastal development in California. The San Francisco office of the California Coastal Commission is seeking a motivated individual to assist in the statewide program to document and monitor Conservation and Open Space Easements required as conditions of coastal development permits.

The Position: The intern will assist a team of coastal analysts and legal staff to research and document Conservation and Open Space Easements and may assist in identifying and coordinating with government agencies and non-profit organizations on acceptance of easements.

Eligibility: Equivalent to graduation from college with a major or minor in urban, regional or environmental planning, economics, natural resource management, ecology, geography, earth or natural science, engineering, architecture, law or a related field. Or registration as a graduate student in a college or university of recognized standing in the same fields. Or equivalent to graduation from a 4 year college with any major and six months intern experience with supervised practical training comparable to Student Assistant, graduate Student Assistant or Environmental Services Intern in a work assignment related to planning managing or regulating uses of land or water.

Desired Skills and Abilities: The position requires an understanding of basic environmental and land use planning terms and concepts and an ability to independently research and analyze planning, regulatory, real estate and legal documents. The successful candidate will demonstrate: an ability to extract and evaluate information from complex files and documents; a commitment to quality work and attention to detail; professional work habits; good communication skills; the ability to take direction, to work both independently and as part of a team and the ability to use MS Office programs.
